CUSTOM FOGGING, INC. PEST CONTROL SERVICE Charles Bouis, Jr., Local Representativo Phone 1488

Recognizing the critical need for Transportation between New Orleans and Wayeland as well as other Gulf Coast Hiles, Mayor Garfield Ladner and his Board of Aldermen rues, mayor darried amorting between said town officials representatives of the L & N R. R. Co.

The L & N officials explained that it was both impracti-

cil and impossible to consider additional stops on their Train No. 99. They did however, suggest that our transportation prob-

blem was one that could be solved by ourselves. The Misting commuter schedule arrives in New Orleans

at 8:40 A. M. and leaves New Orleans at 5:15 p. m. The L. & N. Officials offered statistics to verify that the existing schedule was suffering an operating loss and that the patronage enjoyed did not favorably compare with the existing commuter traffic.

Realizing that transportation is of vital importance to the welfare and growth of any community, we, the Mayor and Board of Aldermen of Waveland, Miss., request that all commuters desirious of public transportation between New Orleans and Gulf Coast Cities complete the attached ballot and forward same to:

MAYOR GARFIELD LADNER WAVELAND, MISS.

In view of the fact that final disposition or scheduling of a schedule is dependent on a service to the majority, it is requested that only those individuals desirous of or in need of service complete the attached ballot.

-) I request that the schedule be changed to have arrival in New Orleans at 7:30 a, m. and continue departure from New Orleans at 5:15 p. m.
- I request that the existing schedule, leave New Orleans at 5:15 p. m. and arrive New Orleans at 8:40
- I request that the schedule be changed as follows:

The X-Ray Bus will be in Hancock County beginning Friday, October 19 for the purpose of x-raying the general public and school children from the 8th grade up, according to Dr. C. M. Shipp, County Health Officer.

Constant of the state of the st

LOYAL

How often have you noticed employees of Mississippi Power Company wearing this emblem? Quite often, no doubt, because more than 450 of our employees having more than a 5year service record are now wearing these emblems.

For more than a quarter of a century now we have endeavored constantly to provide our customers with dependable electrical service. We are confident that we have achieved that goal even though we continue to strive for further improvements. We realize that without the loyal and efficient service of our more than 650 skilled men and women we could not provide dependable electric service to our customers. Mississippi Power Company is proud of its employees and their records. This year 129 employees received new service award emblems ranging from 5 to 35 years.

our company our active employees' records of service are as follows:

			2 CCCC	y ccs	nbro	C C	ST-MA	IA OMI	SOM DELL		ከለየ፣የ
employees	7							7. See	വയുട്ടു വ	TE SE	an.

Mrs. Gordon Romanoff,

PROPOSED AMENDMENT TO CONSTITUTION OF STATE OF MISSISSIPPI HOUSE CONCURRENT RESO.

A Concurrent resolution propos ing to amend Section 112 of the Mississippi Constitution of 1890, to authorize the Legislature to use a different mode of assessing and colvehicles.

Be it resolved by the Legislature blaze which rapidly spread over of the State of Mississippi, two-House concurring therein, That the struction to hundreds of trees following amendment to the Construction to hundreds of trees stitution be submitted to the quali-before it was gotten under con-fied electors of the state for ratification or rejection at an election to

Amend section 112 of the Mississippi Constitution of 1890 to read

112. Taxation shall be uniform Origin of the fire was in the rear of a Dunbar Avenue restion to its value. The Legislature Boardman Sts., on the river side capita upon such domestic animals of Dunbar. The winds swept as from their nature and habits are the flames away from Dunbar toward the river. The fire department of the city answered the alarm, but the blaze remained out of control until equipers of the Legislature may provide for a special mode of valuation and assessment for reilroads and rollment came in from the Forestry assessment for railroads, and rail-Dept. This equipment was about road and other corporate property, or for particular species of property belonging to persons corporate. erty belonging to persons, corpora-tions, or associations not situated Last year the timber industry wholly in one county. But the of the county suffered serious setbacks when an unusual nummode of assessment, fixing the taxber of large fires burned thous-nots of acres of timber land. collecting taxes on all motor vehicles. But all such property shall

be assessed at its true value, and no county shall be denied the right to levy county and special taxes upon such assessment as in other upon such assessment as in other cases of property situated and assessed in the county.
ADOPTED BY THE HOUSE OF REPRESENTATIVES

ADOPTED BY THE SENATE March 30, 1956.

How long should Tommy's legs be?

Lincoln said that a man's legs ought to be long enough to reach the floor but he didn't say what to do if they didn't ... Now, take the case of Tommy Telephone — symbol of Southern Bell . . . Since 1949, three items alone — six wage increases, an income tax increase and cost increases associated with our additional investment in the State — add up to over \$7½ million a year. Additional revenue from rate increases fails to offset this by 4 million dollars a year.

This is a matter of serious concern to all Mississippians, because adequate earnings are necessary to keep telephone service good and to enable us to improve and expand it in step with the growth and progress of our State. Since 1945, Southern Bell has spent over 108 million dollars to expand and improve its facilities to meet Mississippi's growing telephone needs...and we need to spend another \$34 million in 1956-57... This money does not come

from customer payments for service but from people who are willing to let us use their money in expectation of a reasonable return. Our present return is not reasonable ... it is low, and getting lower ... So we are asking the Public Service Commission to make a thorough study of our revenue needs and to set new rates that will be fair to telephone users and to
